

Senaste mötet:

## Saturday, June 18<sup>th</sup>

08:00 to 06:00 Opening of the registration at the Conventum

09:00 to 04:00 Course by Tim Albert. "How to get your paper written and published".

04:30 to 07:00 True to Live Surgery. Session moderated by Giampaolo Gini

07:30 *Welcome Reception at the Conventum*

## Sunday, June 19<sup>th</sup>

### Macula Pot Pourri

08:15 Opening

08:30 [An unusual large tractional macular break.](#) *Salim Ben Yahia*

08:36 [One port PPV for ERM treatment:slit lamp & new AC maintainer in phakic patients.](#) *Cesar*

08:43 [Treatment of macular detachment in patients with optic pit.](#) *Sven Crafoord*

08:53 [Vitrectomy for optic pit-related retinal detachment.](#) *Ferenc Kuhn*

09:03 [Temporal RON for optic disc pit associated with macular detachment.](#) *Murat Karacorlu*

09:10 Industry Announcement **BAUSCH & LOMB**

09:15 [Hemorrhagic macular cysts in Terson syndrome.](#) *Ferenc Kuhn*

[Macular bleeding associated with sexual activity in patient receiving anticoagulants.](#) *Salim*

09:23 *BenYahia*

- 09:31 [Therapeutic effect of propranolol on central serous chorioretinopathy.](#) *Ali Reza Ramezani*
- 09:37 [Results of PDT for idiopathic polypoidal choroidal vasculopathy.](#) *S. Natarajan*
- 09:45 [OCT in active choroidal neovascularization secondary to pathologic myopia.](#) *Murat Karac*
- 09:52 Discussion moderated by Khaled El Rakhawy

#### ARMD Medical Treatment

- 10:45 [The RPE in health and disease: a role for lipofuscin and melanin in ARMD.](#) *Mike Boulton*
- 11:00 [Neoangiogenesis in ARMD.](#) *Lennart Berglin*
- 11:15 [Is vitreous adhesion a risk factor for CNV in AMD?](#) *Martine Mauget-Fajÿsse*
- 11:23 [Preferential Hyper acuity Perimeter: clinical and angiographic correlations.](#) *Guy L'Helgoua*
- 11:31 [Variations of the visual function according to the therapy.](#) *Christian Malbrel*
- [One year results of PDT in eyes with choroidal neovascular membranes due to ARMD.](#) *T*
- 11:37 *Altan*
- 11:43 Industry Announcement **ALCON**
- [Encouraging results of PDT with verteporfin in a clinical patient material of ARMD.](#) *Christi*
- 11:48 *Frennesson*
- 11:58 [PDT in the treatment of retinal angiomatous proliferation.](#) *Marcio Nehemy*
- [PDT for CNV in juvenile disciform macular degeneration. Case report of 4 Icelandic cases](#)
- 12:06 *Ingimundur Gislason*
- 12:15 Industry Announcement **NOVARTIS**
- Discussion moderated by Christina Frennesson. Related posters (*Melanie Chak and Clau*
- 12:20 *Kuhli*)
- 02:00 [Photodynamic therapy with visudyne: complications.](#) *Guy L 'Helgoual'ch*
- 02:10 [Histological characteristics of neovascular membranes in AMD after PDT:](#)
- [Comparison with spontaneous evolution, laser photocoagulation,radiotherapy.](#) *Didier Duc*
- 02:18 [Combined treatment: PDT with visudyne and IVT.](#) *Guy L'Helgoual'ch*
- 02:28 Industry Announcement **CARL ZEISS MEDITEC**
- 02:33 [Unicentric, randomized, open, parallel study of comparison of PDT V/s IVT](#) *S. Natarajan*
- 02:43 [OCT evaluation of serous PED after IVT and PDT for exudative ARMD.](#) *Murat Karacorlu*
- 02:53 Industry Announcement **ALCON**
- 02:58 [Anecortave acetate depot suspension for treatment of exudative ARMD.](#) *Marc de Smet*
- 03:06 Industry Announcement **NOVARTIS**
- 03:12 [Rheopheresis to eradicate the drusen - CNV cascade.](#) *Frank Koch*

- 03:20 [VEGF inhibition study in ocular neovascularization: Outcomes from the phase II/III Macugen pivotal trials.](#) *Thomas Friberg*
- 03:28 Discussion moderated by Martine Mauget-Fayèsse. Related posters (*Timothy W. Olsen*)
- 04:30 to 06:00 Young EVRS Club
- 04:30 to 05:30 Country Delegate Assembly
- 04:30 to 05:30 Rosengren Club & Nordic VitreoRetinal Meeting

*Medieval Thrills at Orebro Castle*

**Monday, June 20<sup>th</sup>**

**ARMD Surgical Approach**

- 08:30 [Surgical extraction of choroidal neovascular membranes.](#) *Ziya Kapran*
- 08:36 [Current management of juxtapapilar choroidal neovascular lesions.](#) *Jaume Catala*
- 08:44 [Combined surgical ablation and IVT for retinal angiomatous proliferation.](#) *Francesco Bosc*
- 08:50 [Limited invasive procedures to treat CNV's in ARMD.](#) *Frank Koch*
- 08:58 Discussion moderated by Klaus Lucke
- 09:20 [The use of tPA in the management of sub-retinal haemorrhages.](#) *Theodoros Potamitis*
- 09:28 [Management of sub macular haemorrhage.](#) *Pietro Rossi*
- 09:36 [Therapeutic approach to acute submacular haemorrhage.](#) *Ziya Kapran*
- 09:42 [Vitreotomy and subretinal tPA in submacular haemorrhage.](#) *Mehmet Cakir*
- 09:47 [Role of subretinal R-TPA in management of subretinal haemorrhage due to ARMD.](#) *S. Na*
- 09:55 Discussion moderated by Karl Ulrich Bartz-Schmidt. Related posters (*Faruk Eroglu*)
- 10:45 [An Update on macular rotation surgery for large subretinal neovascular membranes.](#) *Klau*
- 11:00 [Four years experience with macular translocation.](#) *Zoran Tomic*
- 11:06 [New approaches to severe incyclotorsion induced by macular translocation.](#) *Jonathan M.*
- 11:14 [Macular translocation in selected cases of CNV and heavy silicone tamponade.](#) *Cesare F*
- 11:20 [Surgery for ARMD complicated by massive subretinal haemorrhage.](#) *Nataliya Nehus*  
[Full macular translocation for massive submacular haemorrhage secondary to exudative](#) *J*
- 11:28 *Hassan Mortada*
- 11:36 [Full macular translocation vs. PDT for Neovascular ARMD – Intermediate results of a pro](#)  
[controlled, randomized pilot study.](#) *Karl Ulrich Bartz-Schmidt*
- 11:46 Discussion by Frank Koch.
- 12:10 **Relya Zivojnovic Award.** Peep Algvere Lecture: [“The challenge of retinal transplantation](#)
- 12:40 [RPE and choroid translocation.](#) *Jan Van Meurs*

- 12:55 [Artificial bruch's membrane implant: preliminary results on animal.](#) *Fabio Patelli*  
01:01 Discussion moderated by Sven Crafoord. Related posters (*Isabel Pinilla*).

### Maculopathies: Pathogenesis, Functional Testing & Imaging

- 02:30 [Pathogenesis of macular edema in branch retinal vein occlusion. New approach.](#) *Jiri Reha*  
02:38 [Clinicodiagnostic correlation of macular disease.](#) *Jerzy Nawrocki*  
02:46 [OCT as a screening method for diabetic macular edema.](#) *Maria Sydorova*  
02:52 [The value of OCT in AMD.](#) *Urban Eriksson*  
03:02 [Serous macular detachment in diabetic cystoid macular edema.](#) *Murat Karacorlu*  
03:08 [Macular function after scleral buckling surgery for recent-onset RD.](#) *Patrik Schatz*  
03:16 [Pre-and postoperative functional and anatomical changes in patients with idiopathic ERM.](#) *Becquet*  
03:24 [Evaluation of macular activity using mfERG in patients with BRVO, before and after sheath.](#) *Adam Cywinski*  
03:30 [ILM peeling in macular surgery: a common physiopathological mechanism suggested by functional results.](#) *Jean-François Le Rouic*  
03:38 [ILM removal, how does it work?](#) *Didier Ducournau*  
03:55 Discussion moderated by Ferenc Kuhn.  
04:45 EVRS General Assembly

Swedish Midsummer Nights' celebration.

Tuesday, June 21<sup>st</sup>

### Vitreomacular Interface Visualization and Surgical Approach

- 08:30 [Visualization aids in VR interface disorders, what does the staining pattern tell us?](#) *Silvia*  
08:40 [PPV with ILM peeling in MH surgery.](#) *Yaprak Banu Unver*  
08:45 [Trypan blue assisted removal of ILM and ERM.](#) *Murat Oncel*  
08:53 [Vitreoretinal surgery for ERM.](#) *Nur Acar*  
09:00 [The use of Trypan blue for the staining of the ILM. Why not?](#) *Vincenzo Ferrara*  
09:08 [Trypan blue staining for MH and macular pucker surgery.](#) *Jerzy Nawrocki*  
09:16 Industry Announcement **ALCON**  
09:21 [ILM Peeling with ICG or trypan blue in MH surgery: a prospective randomized trial.](#) *Hans*  
09:31 [RPE protection from ICG staining.](#) *Cesare Forlini*  
09:38 [Kenalog assisted removal of ILM in MH surgery.](#) *Theodoros Potamitis*

- 09:42 [Patterns of posterior cortical vitreous attachment in myopic macular hole RD.](#) *Hassan Mo*
- 09:52 [Triam-time: “Parmesan” central vitrectomy in macular disease.](#) *Cesare Forlini*
- 10:00 Discussion moderated by Claudio Azzolini
- 10:50 [Illuminated vitrector, facilitates bimanual vitrectomy, and benefits in MH surgery without d for face down.](#)  
*Jan-Olof Carlsson*
- 10:58 [ILM surgery: using a new viewing system without endoillumination.](#) *Murat Oncel*
- 11:06 [Surgical slit lamp advantages for macular surgery.](#) *Didier Ducournau*
- 11:13 Industry Announcement **ARCADOPHTA**
- 11:18 [ILM removal indications and techniques.](#) *Ferenc Kuhn*
- 11:26 [The FILMS procedure for ILM atraumatic removal.](#) *Ferenc Kuhn*
- 11:31 [Taut posterior hyaloid removal in diabetic macular edema.](#) *Ziya Kapran*
- 11:38 Industry Announcement **CORNEAL**
- 11:43 [Management of thick fibrovascular membrane with plasma blade.](#) *Indu Singh*
- 11:51 [Posterior vitreous detachment induced by plasmin enzyme during surgery.](#) *Claudio Azzolini*
- 12:00 Discussion moderated by Etienne Bovey.

### Sutureless Vitrectomy

- 01:40 [25g sutureless surgery for macular pucker.](#) *Athanasios Nikolakopoulos*
- 01:44 [25g sutureless vitrectomie for post cataract cystic macular edema.](#) *Athanasios Nikolakopoulos*  
[Combined water phaco fragmentation and 25g surgery for macular pucker.](#) *Athanasios Nikolakopoulos*
- 01:50 *Nikolakopoulos*
- 01:56 Industry Announcement **ALCON**  
[25G vitrectomy for ERM and vitreo-macular traction syndromes: short-term results.](#) *Anne Catherine Gribomont*
- 02:01 *Catherine Gribomont*  
[Short term functional and anatomic changes after 25G vitreoretinal surgery for ERM.](#) *Franco Boscia*
- 02:10 *Boscia*
- 02:18 Industry Announcement **BAUSCH & LOMB**
- 02:23 [Outcomes following 25-Gauge Vitrectomies For Primarily Macualr Diseases.](#) *Colin McCann*
- 02:31 [Our experience with new techniques in macular surgery: 25-G and 23-G.](#) *Zoran Tomic*
- 02:40 Industry Announcement **DORC**
- 02:45 ["25g vitrectomy with topical anaesthesia".](#) *Ioannis Theocharis*
- 02:53 [Combined sutureless cataract and vitreous surgery.](#) *Márcio Nehemy*
- 03:00 Discussion moderated by Anne Catherine Gribomont

## Vitreomacular Interface Surgical Outcomes

- 03:50 [Clinical course and results of surgical treatment of ERM.](#) *Viktoria Mester*
- 03:58 [ERM surgery: with and without ILM peeling.](#) *Murat Oncel*
- 04:04 [Macular ERM with spontaneous partial detachment.](#) *Etienne Bovey*
- 04:12 [ILM removal on stage1 macular hole.](#) *Mario Pacini*
- 04:20 Industry Announcement **TOPCON**
- 04:25 [OCT in choice of tactics of surgical treatment for initial stages of idiopathic MH.](#) *Oleg Ulas*  
[ILM removal in idiopathic MH versus myopic MH; differences in technique and results.](#) *Kh*
- 04:31 *Rakhawy*
- 04:39 Industry Announcement **GEUDER**
- 04:44 [Sparkling Technique.](#) *Didier Ducournau*
- 04:53 [Is face down positioning necessary in MH surgery?](#) *Jan-Olof Carlsson*
- 05:01 [Does using IVT during ILM peeling affect the outcome of MH surgery?](#) *Murat Karacorlu*
- 05:07 [Results of surgery in traumatic MH.](#) *Tugrul Altan*
- 05:14 Discussion moderated by Silvia Bopp. Related posters (*Man-Seong Seo, S.Natarajan, Ce Forlini, Andriy Ruban and Stephan Winder*)

Cocktail and Gala Dinner at the Conventum.

Wednesday, June 22<sup>nd</sup>

## How Effective is Triamcinolone in Maculopathies?

- 08:30 [The many faces of triamcinolone.](#) *Giampaolo Gini*
- 08:40 [IVT for DME: Primary Vs Secondary.](#) *Balakrishna Vineeth Kumar*
- 08:48 [Confounding factors on the effect of IVT for refractory DME.](#) *Ali Reza Ramezani*
- 08:56 [IVT acetamide injection for the management of DME.](#) *Mehmet Cakir*
- 09:02 [Regression of serous macular detachment after IVT.](#) *Murat Karacorlu*
- 09:08 [IVT for diabetic massive macular hard exudates.](#) *Salim Ben Yahia*
- 09:16 [IVT acetamide injection for the management of BRVO.](#) *Nur Acar*  
[Different effect of IVT in the management of ME secondary to perfusion type and ischemia](#)
- 09:22 [BRVO.](#) *Yun-Sik Yang*
- 09:28 [The effect of IVT on optic nerve head topography.](#) *Yusuf Akar*  
Discussion moderated by Giampaolo Gini. Related posters (*Jaroslava Dusova, Murat Kar*
- 09:34 *and Yusuf Akar*)

## Surgical Treatment of Macular Edema

- 10:40 [Laser treatment for macular edema.](#) *Elisabeth Agardh*
- 10:50 [The natural history of DME: literature review and personal experience.](#) *Barbara Parolini*
- 11:00 [Vitreotomy versus natural history for non-tractional DME: the Vide Study.](#) *Giacomo Panozzo*
- 11:10 [Vitreotomy for chronic pseudophakic cystoid macular edema.](#) *Maria Stefanioutou*  
[Clinical outcome after vitrectomy with or without ILM peeling in PDR patients with DME.](#) *L*
- 11:18 *Olof Hattenbach*
- 11:26 [Results and complications of vitrectomy and ILM removal in the treatment of ME.](#) *Ferenc*  
[Macular edema in BRVO. Early treatment with laser arteriolar constriction technique. New](#)
- 11:34 [approach.](#) *Jiri Rehak*
- 11:42 [Use of YAG-laser retinopuncture for the treatment of CME caused by thrombosis of central](#)  
[vein and its branches.](#)  
*Igor Malov*
- 11:48 [Comparative study of surgical and conservative MD of vascular occlusions.](#) *Indu Singh*
- 11:56 Industrial Announcement
- 12:01 [OCT evaluation of macular edema after RON in patients affected by CRVO.](#) *Fabio Patelli*
- 12:07 Discussion moderated by Claude Boscher. Related posters (*Man-Seong Seo, Sadhna V*  
*Maria Stefanioutou,*  
*Eman Kahtani and Niklas Karlsson*)

## Posters Session

- [Severe blindness – a rare but devastating complication of dengue fever.](#) *Bob Ching-Li Cheng*
- [Choroidal neovascularization after accidental macular damage by laser.](#) *Márcio Nehemy*
- [Phacoemulsification on previously vitrectomized eyes for macular disease.](#) *Zsuzsanna Szijarto*
- [Acomparison of real and simulated macular surgery.](#) *Frank Koch*
- [Dengue fever foveolits – a case report.](#) *Loh Boon Kwang*
- [Patients with dominant macular drusen presenting with central retinal artery obstruction.](#)  
*Manal Bouhaimed*
- [Long term follow up of retained subfoveal perfluoro-n-octane liquid.](#) *Sawsan Nowilaty*
- [Macular involvement in patients with posterior microphthalmos.](#) *Salim Ben Yahia*
- [The risk of subretinal haemorrhages in patients with ARMD receiving antithrombotic agents.](#)  
*Claudia Kuhli*
- [The Minnesota grading system of eyebank eyes for ARMD.](#) *Timothy W. Olsen*
- [Management of submacular haemorrhage with C3F8 gas injection.](#) *Faruk Eroglu*
- [Preservation of retinal anatomy and synaptic connectivity following preventive subretinal](#)  
[injections of human RPE cells in the](#)  
[Royal College of Surgeons rats.](#) *Isabel Pinilla*

- [Comparison of the efficacy of MH surgery with & without ILM peeling using indocyanine green.](#) *Man-Seong Seo*
- [OCT evaluation of foveal pseudocyst in the formation of macular hole.](#) *S. Natarajan*
- [Use of double tamponade in RD with MH in high myopia. Case report.](#) *Cesare Forlini*
- [Results of vitrectomy for the treatment of idiopathic full-thickness macular holes.](#) *Andriy Ruban*
- [Outer retinal fluid following closure of a macular hole.](#) *Stephen Winder*
- [Our first experience with intravitreal injection of triamcinolon acetamide.](#) *Jaroslava Dusova*
- [Resolution of foveal pseudocyst after intravitreal triamcinolone acetamide.](#) *Murat Karacorlu*
- [Longitudinal changes in retinal sensitivity upon IVT acetamide in diabetic patients with macular edema.](#) *Cemil Apaydin*
- [Peeling of ILM for diabetic macular edema with severe hard exudates.](#) *Man-Seong Seo*
- [Is repeat macular laser photocoagulation effective in the management of DME?](#) *Sadhna Vora*
- [Long term results of vitrectomy in cases of diabetic macular edema.](#) *Maria Stefaniotou*
- [PPV and ILM peeling for refractory cystoid macular edema.](#) *Eman Kahtani*
- [Is sheathotomy a feasible surgical procedure in branch vein occlusion? Report on our first 10 cases.](#) *Niklas Karlss*
